

Dear Wild Rose Parents,

Wild Rose's After School Enrichment (ASE) Program is kicking off for 2018!

To those parents new to Wild Rose, the ASE Program provides our children an opportunity to explore new skills they are interested in, i.e. crafts, sports or just fun things to do! The ASE program will take place throughout the month of February 2018, at Wild Rose Elementary, right after school.

We are pleased to offer our parents an online experience to register and pay for programs using **Community Pass**.

What you need to know . . .

1. Create your family account **NOW** using CommunityPass (link below under **ACCOUNT SETUP**). This will expedite the registration process when programs become available for registration.
2. Registration will begin on **December 22, 2017, and will continue through January 12, 2018.**
 - **Registration will be on a first come, first serve basis ONLY.** Once a class maximum is met, waitlists will be available (details to follow in future communication).
3. You must have a valid email address to register online.
 - **Questions regarding the account setup process?** Please email the ASE team at WildroseASE@gmail.com, or call Alycia Alongi (630.886.6367) for assistance.

ACCOUNT SETUP:

Step 1

From any computer with an internet connection, click on the following link:

Philosophy

The primary objective of CommunityPass is to make it easier for residents, parents and children to participate in community activities and more affordable for organizations within the Community to operate. To that end, following are the founding principles of CommunityPass.

1. To provide a trusted and central location for parents and residents to register themselves and their children for events and activities within their Community.
2. To enable organizations within a community to accept credit card payments at the lowest possible processing cost.
3. To reduce the amount of administration required to process and manage registration data.
4. To enable collaboration and sharing of data across disparate organizations within a community without requiring ongoing coordination or financial commitments between organizations.
