Family Child Care Training Institute Reducing Your Risks and Managing Your Money

CCAoNH is excited to offer a Training Institute specific for family child care providers! Please join us for our 1st **Family Child Care Training Institute** with the nation's leading expert on the business of family child care, Tom Copeland. In our interactive morning session, "**Reducing Your Risks: Legal and Insurance Issues**" participants will learn how to protect the children in their care, their property and themselves. During this morning session, Tom will introduce a self-protection checklist to help reduce risks, go over information on insurances, address legal issues around custody disputes, price fixing, privacy and Americans with Disabilities Act.

In the afternoon, participants will engage in "**Managing Your Money: How to Save Money and Plan for Retirement**". Participants will learn how to reduce their expenses, increase their income, save more money for retirement, and learn how to invest using the various IRA plans available. Tom will discuss where to put money to meet short and long-term goals, explain how to prioritize long-term financial goals, deliver the five basic rules of retirement planning, and review the IRA retirement plans available for providers.

BIO: Tom Copeland is the nation's leading trainer, author, and advocate for the business of family child care since 1981. He is a licensed attorney and has presented hundreds of business workshops for family child care providers across the country.

Tom has worked at Resources for Child Caring in Minnesota, where he was director of Redleaf National Institute for 15 years. He has written nine books on the business of family child care published by Redleaf Press, a division of Resources for Child Caring. He was on the board of directors of First Children's Finance, a non-profit organization providing low interest loans and consulting and technical assistance to help family child care providers succeed as a business.
