## NewBridge

December 1st, 2018

Your Health and Food Safety is our Primary Concern. With the recent outbreak of contaminated Romaine lettuce, the culinary team quickly pulled all possible contaminated greens. Our Produce vendor, Katsiroubas Bros., will follow FDA & CDC recommendations and ship Romaine lettuce solely from the Yuma, Az. Area. As always, food safety and quality is a top concern

Based on this information, Newbridge will start using romaine lettuce on Monday December 3<sup>rd</sup>. We will continue to be highly engaged and transparent about any new issues that may arise in the interim.

**Tuesday, Dec. 11<sup>th</sup>**  
**Centro Restaurant @ 12:30pm**  
**RSVP 49128**

January 1<sup>st</sup>

•Centro, open regular hours

•Nosh, open regular hours

•Treats, open regular hours

# WEEKLY MARKET REVIEW

## November 30, 2018

### OVERVIEW

Due to the recent market shift in produce prices, noted in the message below, menu prices on the Nosh, Centro and Treats salad bar along with all salad and fruit cups will reflect price increases. We will continue to monitor the situation and appropriately adjust menus.

Market disruptions from the CDC Romaine advisory along with the winter growing season experiencing cooler than

normal temperatures have caused many items to be in very **EXTREME** markets. **Broccoli, cauliflower, iceberg, green leaf, spring mix, arugula, and spinach** crops have slowed down with higher demand.

The fields are experiencing lower yields, lighter weights, and poor quality. Overall available volumes/yields are expected to be lower over the next couple of weeks with anticipated higher prices. **Romas** are in an **ACT OF GOD**; however, limes are a good buy.

We are doing everything we can to get product to market, and we appreciate your patience and understanding.

*Produce Alliance ( Hebrew Senior Life Buying Program )*

#### MARKET ALERTS

ARUGULA - EXTREME

BROCCOLI - EXTREME

CAULIFLOWER - EXTREME

CELERY - EXTREME

GREEN PEPPERS - ESCALATED

LETTUCE (ROMAINE, ICEBERG, BUTTER, GREEN AND RED LEAF) - EXTREME

MUSHROOMS - ESCALATED

SPINACH (BABY & CLIP) - EXTREME

**BLUEBERRIES** Blueberry supplies are down and supplies are tight. Low volumes are expected for the next few weeks; but quality is good.

**BLACKBERRIES** Blackberry production has slowed down. Hurricane Willa is creating a disturbance and is anticipated to be followed by a tropical storm. Supplies are expected to be tight prices are trending higher through late November.

**RASPBERRIES** Raspberry volume will remain stable into November.

**STRAWBERRIES** Supplies are extremely short due to weather and transition, and quality is average. Florida strawberries will be starting in the next few weeks.
