

Dear Friends,

What a joy it was to be with our Nazareth family this week and visit the Nazareth of Jesus' childhood. It was invigorating, exciting and fun! (and exhausting for some of us!) In the midst of all the activity, we apparently had a lightning strike last Saturday that took out the Internet and security system for much of the week. After much hard work, all systems are up and running. This means your code to get in the building can be used again. The Safety Team is meeting today with several "experts" to find out how to avoid this annoying and expensive event in the future.

Please read Luke 2:25-38 to prepare for worship and I look forward to seeing you all.
Blessings, Julie

Things to remember

Joint Adult Sunday School will continue for one more week, led by Marian Stephen. Please read Exodus 20:8-11 to prepare. Please come prepared to share any *legalisms* you know of or have experienced that were designed to "further interpret" the Commandment about keeping the Sabbath. (going as far back as 1000 years before Christ, up to & including today). Thanks to all who have shared their teaching gifts this summer.

Join us at the Soup kitchen this Saturday from 9-1.

Thanks to DJ Wall, Kim Cansler, all the Tribble Leaders, cast members, Marketplace workers, music leaders, Jan Ellis and the food crew and especially to everyone who attended our Hometown Nazareth VBS. It was a HUGE success.

Everyone who participated got a whole new perspective on what it was like to live in Jesus' day and time.

We will sing some of the VBS songs we learned during worship this Sunday and also have a visit from Jesus' mother, Mary.

IN OUR PRAYERS

- Lenny and Amelia Senn
- Amy Hatley
- Peggy Robinson
- Catherine Beach
- The Bates family

The Mission of Nazareth Presbyterian Church is to worship and glorify God and to make disciples for Christ
