

# Become a CCM Champion and grow your network

The CCM Champion program is offered by CMCI to recognize those who have made a significant impact in their efforts to promote the Certified Construction Manager (CCM) credential within the CM industry. CCMs who participate in the CCM Champion program uphold the highest professional standards and educate on the benefits of earning and maintaining the CCM designation.

## About Our Champions

A CCM Champion is a CCM who represents the highest standards of professionalism and dedication to the practice of CM. He/she acts as the primary point of contact for their organization regarding the CCM certification program. They assist CMCI in spreading awareness, growing the program, and ensuring that credential holders and applicants have the very latest information about the CCM.

## Benefits

CCMs who participate in the CCM Champion program can earn renewal points for their CCM recertification. CCM Champions are also invited to quarterly information webinars to keep them ahead of the curve on institute happenings and the best ways to become a more influential leader in the CM community.

## Make a Difference

One of the key responsibilities of a CCM Champion is to advocate within their organization for individuals to pursue the CCM and assist aspiring CCMs through the application process. Champions also educate CCMs on the renewal process so that certification lapses do not occur. CCM Champions may host presentations on the CCM credential. Champions may also encourage owner organizations to list a preference for the CCM on RFQs, RFPs, or internal job descriptions.
