

THIS IS TINY

THIS IS POWER

THIS IS BEAUTY

THIS IS MICRO

USAI[®]
Lighting

USAI LIGHTING'S NEWEST ADDITION
TO OUR BEVELED FAMILY
INCORPORATES THE TECHNICAL
EXPERTISE YOU HAVE COME TO
EXPECT AND RELY ON AND
REIMAGINES WHAT INDUSTRY
LEADING PERFORMANCE LOOKS LIKE.

SIZE DOES MATTER.

LESS IS CERTAINLY MORE.

THIS IS THE BEAUTY OF INVENTION.

THIS IS MICRO

A modern office interior featuring glass-walled cubicles, a ceiling with horizontal wood slats and recessed lighting, and teal armchairs in a lounge area.

THE APPLICATIONS

CHANGE THE WAY YOU SEE

BeveLED® Micro™ fits the aesthetic choice for any project. Created to meet the highest level of sophistication, whether in a residential, corporate, or patient care space, BeveLED Micro adds a tiny linear alternative to our already extensive downlight options. With a history of innovation and cutting edge design USAI Lighting continues its legacy of quality and craftsmanship.

ARE ENDLESS

NOW YOU CAN

Our smallest form factor yet, BeveLED Micro delivers the same unparalleled performance as the rest of our BeveLED family while allowing unlimited creative freedom. Together with USAI's complete product portfolio, Micro expands the limits of the imagination.

SLEEK AND POWERFUL

MODERN AND DISCRETE

Ultimate performance and design at a fraction of the size, with the same high quality light USAI consistently delivers. This is BeveLED Micro. Precision engineered from the inside out, Micro's patented design meets the most demanding specifications in a miniature scale.

THE FULL BEVELED PRODUCT LINE

BeveLED products can be mixed and matched from within the family with consistent fit and finish across form factors.

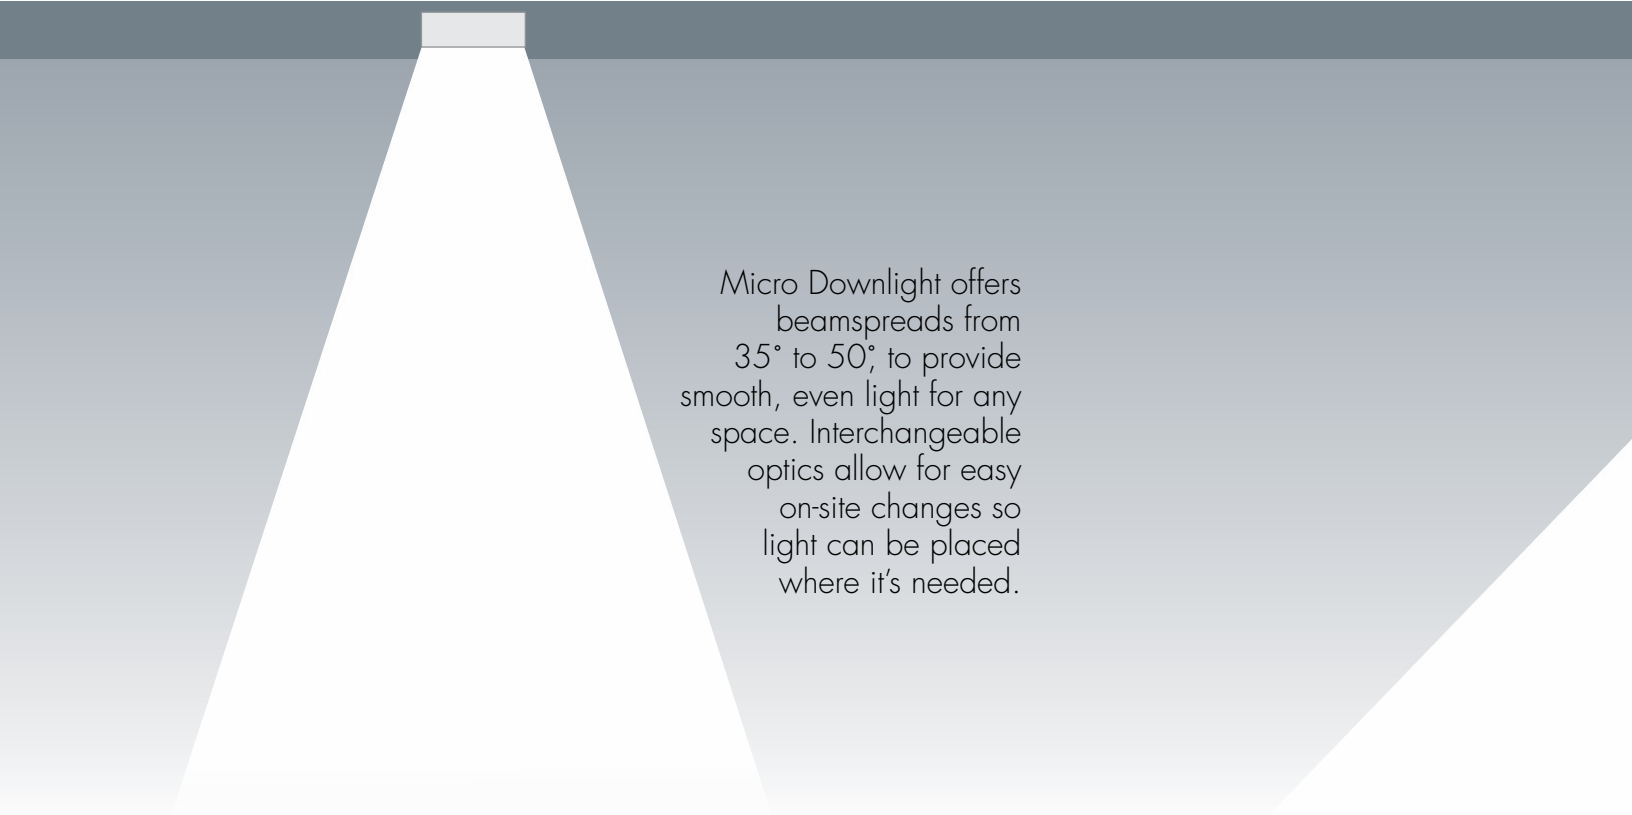

TRIMLESS

Performance values are delivered lumens.
All BeveLED products reduced to scale.

DOWNLIGHT

A FULL FAMILY OF OPTIONS

Micro Downlight offers beamspreads from 35° to 50°, to provide smooth, even light for any space. Interchangeable optics allow for easy on-site changes so light can be placed where it's needed.

ADJUSTABLE

WALLWASH

Micro Adjustable features a 25° tilt to accentuate architectural elements, highlight artwork, and create visual interest in critical areas.

Micro Wallwash places light high and wide on vertical surfaces, bringing spaces to life. USAI's proprietary wallwash optics enhance artwork and feature walls, brighten graphics, and create a focal point for branding.

Actual Size 12 Bevel Trimless Micro

THE BEAUTY OF

REMOTE DRIVER OPTION

Micro's smaller remote driver housing allows closer fixture placement spacing to fit into tight spaces, squeeze into shallow plenums, and achieve unique designs

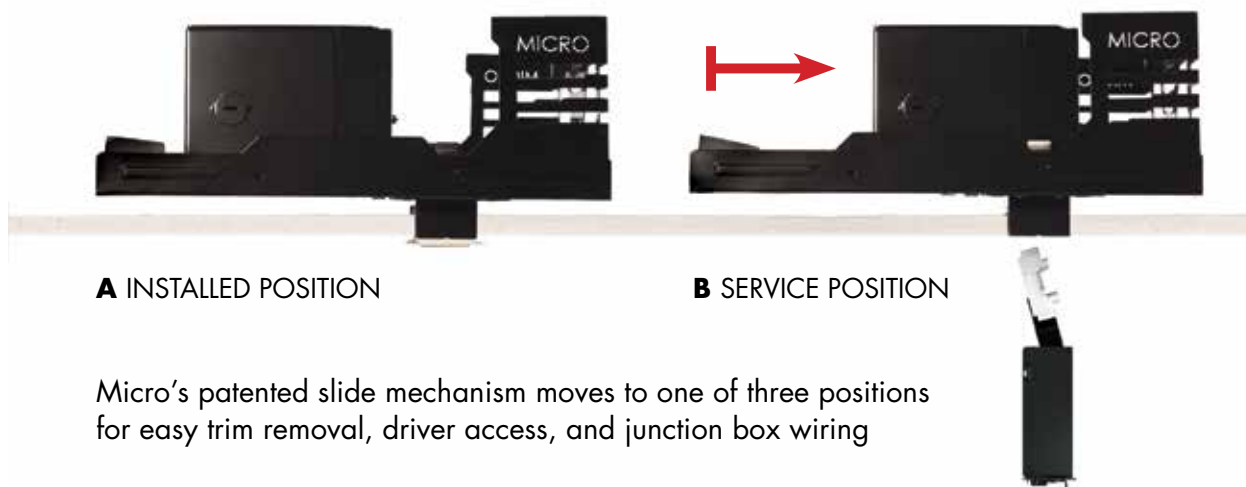

ACCESS AND CHOICE

Every project has a distinct set of demands. With a choice of two installation methods, multiple sizes, interchangeable optics and emergency battery packs, all components are serviceable and field replaceable. BeveLED Micro provides solutions for every situation.

WHAT IS POSSIBLE

INTEGRAL DRIVER OPTION

Micro's integral driver housing features a patented slide mechanism for user-friendly ease of access and unmatched serviceability

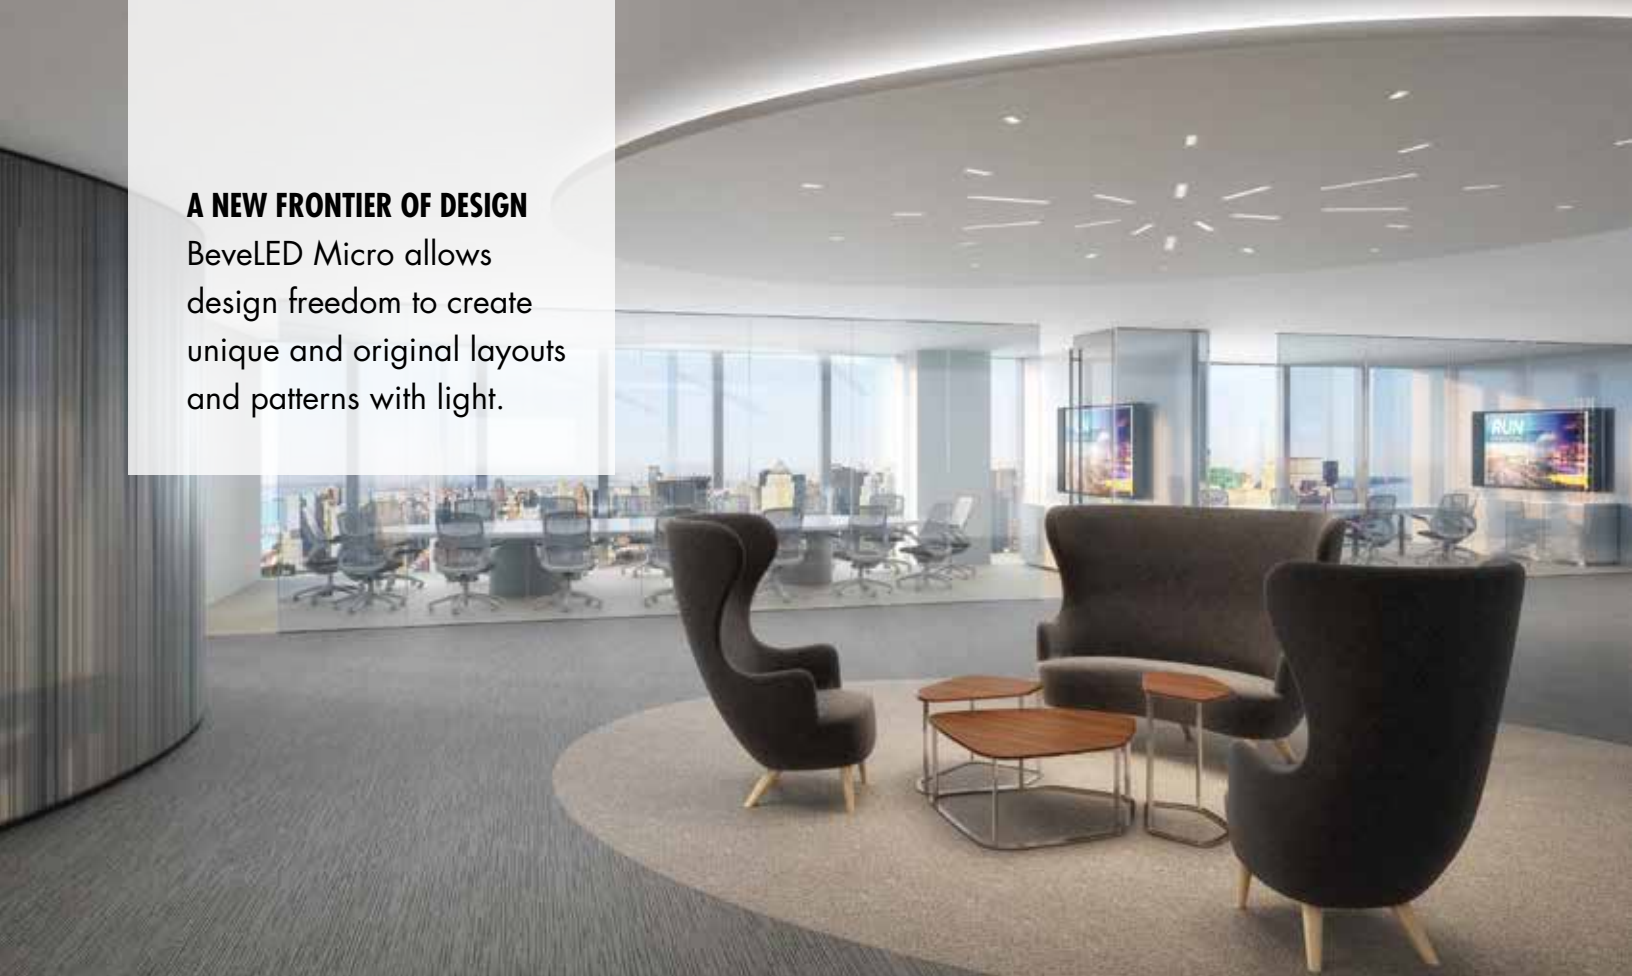

Micro's patented slide mechanism moves to one of three positions for easy trim removal, driver access, and junction box wiring

IMAGINATION MEETS

A NEW FRONTIER OF DESIGN

BeveLED Micro allows design freedom to create unique and original layouts and patterns with light.

ITS LIMITS—THE STARS

BeveLED® Micro™

Designed and manufactured in the USA, BeveLED Micro is the latest in a consistently forward thinking line of products from USAI Lighting. Expanding on a catalog of options for the most discerning tastes and creative minds, Micro provides industry leading technical control and versatility like no other. Micro is the perfect choice for educational, corporate, hospitality, healthcare, and residential applications.
