				(Sales tax included)	

NYS Department of Environmental Conservation requires a special Permit to Stock Triploid Grass Carp identifying the specific pond and aquatic vegetation problem. 3-4 weeks advance application is necessary. The application may be found on the DEC website at [http://www.dec.ny.gov/docs/fish\\_marine\\_pdf/grasscarppermitappl.pdf](http://www.dec.ny.gov/docs/fish_marine_pdf/grasscarppermitappl.pdf) The NYS Department of Environmental Conservation "Application for Farm Fish Pond License" is required to stock any farm pond, and suffices for permission to stock a pond and/or take fish at a later date.

Applications may be obtained from our office, (585-396-1450), or from our website: [www.ontswcd.com](http://www.ontswcd.com), DEC Farm Fish Pond License. Mail completed pond license forms to: Bureau of Fisheries, 6274 E Avon-Lima RD, Avon, NY 14414.

**Please note: Pickup is Thursday, October 5, 10 am @ 480 North Main Street parking lot.**

- If picking up grass carp, please bring DEC license (3 copies)
- Bring your own pond water and use the following guide:
- 2-4" - 100 fish per 30 gallons of pond water
- 4-6" - 75 fish per 30 gallons of pond water
- 6-8" - 50 fish per 30 gallons of pond water
- 10-14"- 5 fish per 30 gallons of pond water

**WE ONLY ACCEPT CHECKS OR CASH**
