## ABOUT GARDERE

Founded in 1909, Gardere Wynne Sewell LLP is an Am Law 200 firm and one of the Southwest's largest full-service law firms – with more than 230 attorneys serving clients from three of the largest cities in Texas and from Mexico, and covering more than 40 different areas of practice. We are noted for our commitment to client service and our ability to assist clients with their most complex and demanding legal and business challenges worldwide. By combining the comprehensive resources of a large firm with the specialized, boutique-like expertise of the lawyers in each of our practice areas, we have the unique capabilities and resources necessary to provide our clients with efficient, effective and quality legal counsel.

Several of our attorneys have been named among the best practitioners in their fields, including our Forum representatives. Our highly skilled litigators have argued cases all the way to the Supreme Court, and our corporate representation extends to many Fortune 500 corporations as well as to middle-market public and private companies around the globe. One look at our all-encompassing areas of practice, our unrivaled roster of attorneys and our history of successes confirms that we are able to provide wide-ranging, unrivaled level of expertise in each area of law we practice.

But our overarching goal, and the barometer of the Firm's success, is the level of service we provide to our clients. Client service, responsiveness and quality of work are fundamental to the success of our clients and the Firm. We strive to create and maintain relationships with our clients that go beyond just being their legal counsel – we work to become a strategic partner, integral to each client's success.

Gardere Wynne Sewell LLP is a founding member firm of the Texas General Counsel Forum, serves as statewide and national general counsel to the organization, and provides the Forum office space and technical support.
