

Why the initiative?

If we can retire this debt (approx. \$1.2M three years ago, now around \$530k) over **\$22k** of our annual budget can be reallocated to **ministry efforts**.

1. The investment allowed FBC to acquire property to build the current Recreation and Family Life Center which includes:

- *1st Floor:* Sunday Preschool classrooms, Monday - Friday Church St. Academy, and the church office
- *2nd Floor:* Gym, kitchen, and classrooms
- *3rd Floor:* Student center, Fine Arts dance floor & Adult SS

2. In addition, the building program enabled:

- Over 2,700 children to experience CSA
- Over 1,000 students to be influenced by our Student Ministry
- Over 70,000 Wednesday night meals to be served in the Gym
- Over 2,000 children to learn the principles of Upward
- Addition of 250 seats in the balcony
- Construction of the Wilson St - Canal St. parking lot

Add to the list those influenced by conferences, community events, Sunday School trainings, ministry meetings, holiday events, receptions, PLUS worship services in the ROC...too many to count!

If you think about it, ALL of us have benefited from the loan created during our building program years ago.

Thank you for prayerfully considering giving towards Greater Things.
