

**Banneker Industries is a world class provider of Supply Chain Management Solutions. We are committed to understanding and exceeding the needs and expectations of all our customers by working together to drive business excellence.**

#### **VALUE ADDED WAREHOUSING**

The days of the traditional "Warehouse" are long gone. We support our customers with logistics centers that incorporate cutting edge systems and technology to store and track product for real time visibility. Banneker implements processes that improve workflow, productivity and profits for our customers.

#### **PROCUREMENT**

Banneker's procurement service gives our customers a one-stop shop for all their purchasing needs from sourcing to purchasing to supplier management – all meant to simplify our customer's value chains. From MRO and supplies to complex electronics and machined goods, we have the expertise and partnerships to purchase and manage all of your product needs.

#### **INSPECTION**

At Banneker, we are firm believers that quality needs to be built into any process, not just inspected for. As such, we offer a flexible suite of inspection capabilities to meet our customer's needs. From the design and development of customized quality plans to the execution of physical inspections, documentation verification or working with 3rd parties for more specialized needs, Banneker can provide that single solution interface.

#### **KITTING**

Take advantage of our advanced kitting services for a wide range of industries and customer types. We offer fully traceable kits including basic, sequenced, dynamic and advanced kitting solutions for manufacturing and commercial customers. Banneker's kits can contain everything in the bill of material and beyond, including hardware, electronics, raw/machined metals and other items of any size. Kits can be comprised of Banneker sourced, customer-owned product or a mixture of the two and include flexible methods of delivery such as Kanban replenishment and consignment.

#### **PACKAGING & FULFILLMENT**

Banneker's order fulfillment services create customizable end-to-end solutions for our customer base. From picking, packing, and labeling orders all the way through to final shipment to end consumers and reverse logistics, we get your product to where it needs to be, on-time and at budget.

#### **DISTRIBUTION**

Whether we utilize our own LTL trucks, our own network of inter-modal providers or your carriers, customers can rest assured that our unbiased and objective approach will result in product arriving on-time, non-damaged and at budget.

#### **ONSITE SERVICES**

Banneker has the unique capability of being able to support our customers onsite at their locations across the country. Our experienced Team is capable of managing the receiving, shipping, inspection, transportation and other unique operations. Banneker helps to deliver a team-based solution focused on process management and cost reduction while increasing performance and total customer satisfaction.
