

Dear Siblings in Christ,

Thursday Oct 13, the Rev. Dr Karl Kuhn, Professor of Religion at Lakeland College, will be leading a workshop on Isaiah.

The Prophet in his Day and Ours: Hearing Isaiah Anew

The traditions attributed to the prophet Isaiah have provided Israelites, Jews, and Christians a powerful witness to the will and ways of God for millennia. In these oracles we find an unparalleled combination of passion, eloquence, profundity, and penetrating challenge. This workshop will explore the rich testimony of the book of Isaiah in its day and ours, while also investigating some of the Isaian texts featured during Advent.
