

Teacher: Dr. Sara English
Assistant: Andria McCarthy

Sara English: I value the time spent with our youngest members of the church. I feel blessed that I am able to help bring the world of the church to these children in a positive manner. My greatest hope is that the children will look back at their time with me as one filled with happiness and excitement. I still have very positive memories of my experience in Sunday School. It is such a foundation that leads to a future commitment to the church and a sense of belonging.

My Faith, My Family, My Future
