

During last spring's Cottage Meetings and Parish Survey for the Rector Search, many parishioners stated that rebuilding our Children and Youth Ministries program is one of Calvary's top priorities. We at Calvary Church value teaching children our liturgical traditions and nurturing the experience of God's love through fellowship. The CYM program has adopted a theme of community building for this year: learning communal worship, prayers, and songs at Children's Chapel, fostering friendships in class, encouraging children and youth to participate in church services and Outreach programs, and reaching out to Congregation Shir Shalom for some Interfaith projects. Thank you for your continued participation, prayers, and support for the CYM program. Please let us know how we can better serve Calvary's children and youth and engage them in service to God.
