

## **WARNING REGARDING SLEEPING ROOMS FOR THE WATERPRO CONFERENCE**

**Reply-To:** [eventinfo@lists.waterprocommunity.org](mailto:eventinfo@lists.waterprocommunity.org)

We are trying to alert our state associations and ask them to also advise any of their utility members who may be attending the conference to be cautious regarding inquiries or offers from the following companies trying to either sell you rooms, or advising you that there is a problem with your sleeping room reservation at the Grand Sierra Resort.

### **Travel Era**

### **Travel Hub**

To our knowledge these two companies have been contacting exhibitors and advising them they either have cheaper rates, or advising their current room reservation has a problem and they need to help you correct it and can only do so by obtaining your credit card information or your PayPal account information. We deal with a certain amount of these deceitful organizations each year, but this year it seems to be worse. Please be wary of anyone trying to obtain information from you and please help me by alerting me if they attempt to contact you. We do not associate with any third parties on hotel reservations. If you consider working with any of these companies, you do so at your own risk. Please pass this on to any of your utility members who may be attending the WaterPro conference as well.

Thank you and have a great day. We look forward to seeing you at WaterPro 2017!
