

SBP SOUTH CAROLINA

Shrinking Time Between Disaster and Recovery

OUR GOAL IS TO COMPLETE 70 HOUSES IN 2017 AND WE NEED YOU!

ABOUT US

SBP is a national long-term disaster recovery organization, its mission is to shrink the time between disaster and recovery. By leveraging AmeriCorps members, unskilled volunteers and in-house skilled labor, SBP is able to dramatically decrease the cost of renovation. **No experience? No problem! We train our volunteers for every task.**

WHO WE SERVE

SBP serves low- to moderate-income residents with a special focus on families with small children, the elderly, disabled persons, veterans and families who are underinsured or uninsured.

WHY COLUMBIA, SC?

There are 1,200 homes in the Midlands that are in need of immediate assistance, and an estimated 6,000 homes with flood damage. We need volunteers here in South Carolina to get these homeowners back into a safe, healthy living environment as soon as possible.
