# Coding Club

Open to students in 2nd-8th grades

Wednesdays 3:30 - 4:30
August 31st - December 14th
Room 276

- Learn to code with javascript using games like Hakitzu - build your own giant, virtual robot to battle your friends!

- Emphasis on fun and learning together!

- Use a variety of coding tools like CargoBot, Scratch, Tynker and more!

- Program Sphero through a maze!

- Make animations and stories!

- Tailored to each student's ability and interest.

Cost: $130

Sign up: www.bfacademy.org -> Make a Payment -> After School Groups
