**[chaseurdreamzllc.com](http://chaseurdreamzllc.com)**

Nikki Shawntae Webster  
Louisville, KY  
Louisville Urban League  
Young Professionals

We at Chase Ur Dreamz, are here to provide a unique environment in which anyone – and we mean anyone can work hard and Chase Ur Dreamz. A diverse company that provides a platform for custom branding, custom apparel printing services & embroidery, promotional printing such as flyers or banners. Quality studio recording, production of beats, cd/dvd duplication, film and photography production. We give you an opportunity to build your brand and create your music at the same time. Our product is a tool, a means to an end; not a brand name or a mold-maker, but a tool that can be used by anyone. In the end, it's all about you. As we evolve and educate ourselves, we will seek to perfect this safe, energetic environment, where everyone feels accepted and respected. We are here to encourage you if that's what you need. We need you, because face it, our dream chasing wouldn't be the same without you.

**Make Music Count**  
**[www.makemusiccount.com](http://www.makemusiccount.com)**

Marcus Blackwell, Jr.  
Atlanta, GA  
Urban League of Greater Atlanta  
Young Professionals

Make Music Count is a math curricula for elementary and secondary students' to improve their mathematical skill development through piano playing. In our classes students solve algebra equations where the answers are musical notes to play directly onto the piano this learning popular songs. By incorporating music into each lesson, students become engaged through music while simultaneously learning mathematical concepts. Therefore, solving math equations leads directly to playing the piano, and a more positive attitude towards math. We are currently partnered with 50 schools in 8 states in the US where we work with enrichment and after school programs to offer our class. We are always interested in expanding in to more cities and states in order to continue our efforts of improving the math scores of 3rd - 9th graders.

# NON-PROFIT/FOUNDATION

**2 Wheels 1 Cause**  
**[www.2wheels1cause.com](http://www.2wheels1cause.com)**

Neville Lee  
Tampa, FL  
Pinellas County Urban League  
Young Professionals

Since 2014, 2 Wheels 1 Cause has been pushing towards increased awareness for diabetes in America. More than 29 million Americans have a form of diabetes and another 70 million are in pre-diabetes status. Unfortunately, minorities are 3 times more likely to have diabetes in this country. To combat this, we concentrate our awareness efforts on special appearances, events, traditional media, social media and an annual cross country motorcycle ride. We accomplish this by partnering with the American Diabetes Association, community organizations and local businesses. 2 Wheels 1 Cause, along with our partners, make the conversation of this silent killer easier and more common by making it relatable and impactful for every generation. Our 2016 Diabetes Awareness Motorcycle Ride (FL-WA-CA-FL) was a complete success and took us more than 9,000 miles in 30 days. We are proud to report that during the first half of the year, 2 Wheels 1 Cause was able to reach more than 500,000 Americans nationwide. We all are affected by diabetes! Join us by becoming a sponsor and let us promote your service and/or product nationwide. Your support directly impacts our ability to combat Type 1 and Type 2 diabetes via education and awareness. Please visit our social media, website or contact us today to learn more about 2 Wheels 1 Cause.

Seeds to STEM (STS) is a non-profit organization that works to successfully evaluate educate and develop students in the areas of science, technology, engineering and mathematics. We provide manipulative based learning in STEM education to underserved communities around the country. Our approach focuses on hands-on-dominated STEM programs, supplemented with text-dominated resources which are consistent with Texas Essential Knowledge and Skills (TEKS) requirements and other states standards. In addition to structured curriculum, we STEMulate the minds of our students with college readiness skills in addition to a variety of activities such as computer programming and scientific field trips.

**The Be. Organization**  
**[www.theBEorg.com](http://www.theBEorg.com)**

Tonee Lawson  
Baltimore, MD  
Greater Baltimore  
Leadership Association

The Be. Organization (Be.) is a 501(c)3 nonprofit organization primarily serving the Baltimore-Washington Metropolitan area. Our mission is to encourage and nurture youth to live above their socially-imposed limitations; to develop their character, talents, and leadership skills allowing them to go beyond a dream and achieve remarkable excellence. Be. supports the youth by providing mentoring, leadership skills, and personal development to aid them in reaching their full potential. The Lunch Club brings together college students or recent graduates as mentors and middle school students for light-hearted, image-centered, guided conversations over a weekly lunch meal. Recognizing that lunch time can make many students anxious and be counterproductive to positive self-development, mentors are able to cultivate relationships and develop interpersonal skills in areas that are otherwise ignored during the school day. Through this signature program, participants will gain in confidence, positive behaviors, and academic achievement. Be. seeks to spread its signature programs to other major cities nationwide. For partnership or sponsorship opportunities, or to host The Be. Organization with your students or youth group, email [thebeorg@gmail.com](mailto:thebeorg@gmail.com).

**[www.blackhistoryproject.org](http://www.blackhistoryproject.org)**

Kristin Fulwylie  
Orlando, FL  
Central Florida Urban League  
Young Professionals

The Black History Project was created to educate our youth in the Central Florida area about the African American experience throughout history. The goal is to empower the students to take pride in their cultural history while cultivating self-esteem and self-worth. This program was conceived to emphasize the importance of history to the future kings and queens that are our youth of today. The program will be moderated by facilitators from the Central Florida area with extensive knowledge on the scheduled topics who are committed to positively impacting our youth. This is a free - 10-month program for high-school students. Upon completion of 10 months, each student will become Black History Certified, receiving a certificate of recognition.
