Now serving Missouri, Kansas, Iowa, Nebraska, Arkansas and Oklahoma

**MARCH**

### VISION Round Table

Whether you attended VISION or not, this roundtable discussion will be very beneficial to you and your team. Join us as we discuss the highlights and takeaways from management & technical training sessions. Attendees will share valuable information from training sessions, as well as discoveries of new technology, services, tools and equipment found on the exhibit hall floor. VISION is so big, and there are so many training sessions that it is impossible to be everywhere. Don't miss this opportunity to share and learn what you missed!

Join us for a networking and panel discussion event at Ozark Technical College to introduce students seeking a career in the automotive service industry to the local independent shop owners, managers and technicians. This will also be a great opportunity for local shop owners and managers to make a connection with future technicians that could potentially become employees and discuss the skills employers look for in their hiring process.

The panel discussion will give shop owners a chance to talk about their experiences in the industry and answer questions from students entering into the field. These students represent the new generation of automotive service professionals. It is important for current professionals to mentor and guide them in order to strengthen and secure the future of our industry.
