Join the Lincoln area for the first of 2018's ASA-Midwest training events!

This three part discussion will highlight the training policies currently in place at your shop, Leadership Resource training options, and the Lincoln chapter's 2018 training line-up.

**Part 1:** Do you have a training policy in your shop? Do you provide incentives to your employees to attend training? Do you require your staff to complete a certain number of training hours each year? How do they report back after attending training to share ideas? Be part of this discussion as we talk about how to implement a training policy and make sure you get the most out of the training you and your team are attending!

**Part 2:** We are working with Leadership Resources to bring our Lincoln chapter a 2-3 part seminar that covers time management, organization, and prioritization of work duties. We need your and want your input to customize our message! This training will provide a number of diverse topics that we need your help choosing.

**Part 3:** Join the group in providing feedback on you and your shop's interests, preferences, and training needs. Member involvement in planning the 2018 schedule is vital and we greatly value your opinion. Be a part of the conversation and register today!
