Even if you don't sell tires at your facility, you could still be liable!

Come join us to learn about how to protect yourself and your customer when it comes to the safety of tires. Topics discussed are policy/procedure on checking tires, proper tire procedures, insurance coverage gaps you may not know about that leave you exposed, necessary disclaimers or release of liability, and much more.

Don't miss this opportunity to reduce your exposure, increase your customer safety and satisfaction, as well as how you can educate your customers.
