Technicians

Automotive Career Panel & Dinner

**Join us to Explore Career Opportunities
in the Automotive Industry**

Tuesday, April 17, 2018

6:00 – 8:30pm

FREE TO ATTEND

LOCATION:

St. Louis Community College at Forest Park

5600 Oakland Ave.

St. Louis, MO 63110

The St. Louis Chapter of the Automotive Service Association will be hosting a networking and panel discussion event at the St. Louis Community College at Forest Park to introduce students seeking a career in the automotive service industry to local independent shop owners & managers. This is a great opportunity for students, parents and educators to make a connection with potential employers, learn more about the industry and get your questions answered.

The panel discussion will give shop owners a chance to talk about their experiences in the industry and answer questions from students entering in to the field. These students represent the new generation of automotive service professionals. It is important for current professionals to mentor and guide them in order to strengthen and secure the future of our industry.

DIRECTIONS: Enter campus from the west side and as you come down the road, the school will be on the left. The Automotive Program Garages will be behind the building. ASA signs will be placed to help guide.

Register by April 10th
