What if....? We all ask the question but think it will never happen to us. But industry friends, it DOES happen! Some of our fellow industry shop owners have experienced it. Accident, illness and even death.

Is your business prepared if something happens to you or one of your key employees? Do your employees know what to do? Does your spouse know what to do or how to keep the business open and running?

Join us for this ASA-Midwest member-exclusive event where we discuss valuable information, documents, and policies and procedures that will help your business keep running smoothly in the unfortunate event something happens. Owners and managers will come away from this meeting with a 20-page document that you can immediately begin completing that will provide information, resources and plans for your team.
