NOVEMBER

Hands-On: Safety System Alignments

Sponsored by: Hunter Engineering

Learn how to properly complete a wheel alignment on an increasing number of vehicles equipped with Advance Driver Assistance Systems (ADAS). In addition to a mechanical alignment, manufacturer's specifications often require a Safety System Alignment on many vehicles equipped with ADAS Systems.

Your time will be spent in the classroom and training garage.

Don't be left out on the ever-changing technology.

Holiday Party

Join us for an evening of laughs and celebration at The Loony Bin. Enjoy dinner followed by comedian Mike Speenberg. He has taken his own unique brand of generational comedy all over the country, sharing the stage with other comedic greats like Mitch Hedberg, Lewis Black, Dave Attell, and Bob Saget.

Fueled by stories of home and family, and love of country, Speenberg's comedy hits home with everyone of us who have lived through crazy step-parents, above ground pool parties, and square pizza with canned corn.

For the holidays this year, ASA Wichita Chapter is supporting Toys for Tots. Please contact Mark Guerrero at 316.425.8684 to get a Toys for Tots box at your shop.
