About Herringbone

Serving a menu of “fish meats field,” Herringbone features farm fresh cuisine with an emphasis on line-caught seafood and quality meats. The restaurant first opened its doors in San Diego, CA’s coastal community of La Jolla in spring 2012, followed by a second location in Los Angeles in 2014 and both Santa Monica, CA and Las Vegas, NV in 2015. The ever-expanding brand continues with openings in Waikiki slated for Spring 2017.

Filled with a sense of nautical whimsy, Herringbone’s innovative design creates a fresh, contemporary atmosphere of easy Southern California beach living. The coastal charm of each location is achieved through live trees, lush greenery, fish net draping and maritime inspired artwork and fixtures; while the cuisine uses market-driven ingredients and a curated wine selection that allows guests to set sail on a unique culinary and social dining experience.
