

**Week 40 10/1-10/7**

He said to them, “Go into all the world and preach the gospel to all creation.” Mark 16:15

Jesus told his disciples to go into all the world telling everyone “the Good News.” Sometimes I think that there are much better representatives than me to do that job. NOTE TO SELF: Just because I think it does not mean it is true.

What I do know is that as my faith and relationship with Jesus grows, He will give me the opportunities and inner strength to share His message.

Remember that God does not call the equipped; He equips the called. As a Christian, we are all called to share what Jesus has done. Some of Jesus last words were, “Go and make disciples of all nations” (Matthew 28:19). Sharing our faith isn’t just a suggestion, it’s a command. And God is with us when we obey Him.

You can’t open someone’s heart to the truth but God can, by His Spirit all you need to do is share. God will handle the details.

**So What Do I do?**

One of the best ways to share your faith is to just live a godly life. Be an example. Show those around you, both believers and un-believers that you care by spending time with them, helping with their needs and offer to just sit and listen.

Another important part of sharing your faith is to pray for those you interact with. Pray for God to place someone in your life who needs Him and then be ready for Him to answer.
