Week 14 4/2-4/8

The word we will be focusing on this month is CREATE and we are going to start with the very first verse of the Bible.

"In the beginning God created the heavens and the earth" Genesis 1:1

Notes: The creation story teaches us so much about God and ourselves. First, we learn about God. He is creative; as the creator, He is distinct from his creation; He is eternal and in control of the world. We also learn about ourselves: Since God chose to create us, we are valuable in his eyes.

Because God is the creator and we are created in His image then guess what? We are creative. To create is to reflect the image of God and to create is an act of worship.

You and I are the result of a creative act by God. He created us with intellect and imagination, reason and passion and designed us to dream, risk and create.
