

LOVE GOD  
LOVE OTHERS  
& DO  
SOMETHING

**Week 44 10/29-11/4**

Make the most of your chances to tell others the Good News. Be wise in all your contacts with them. Let your conversation be gracious as well as sensible, for then you will have the right answer for everyone. Colossians 4:5-6 TLB

When we share with others about Jesus, it is important to be gracious in what we say and how we say it. Just as we like to be respected, we should respect others if we want them to hear what we have to say. Remember, whether it is across the street or around the world, we are to go, share the good news and make disciples. God has gifted us with ways to reach people. Share in a way that best fits your personality but never change or obscure the message.

What opportunities do you have to do something?
