

Unique Tour & Lunch at Blueprint Robotics

Organized by MBIA's Green Building Council

Join Blueprint Robotics CEO, Jerome Smalley for a tour of Blueprint's factory in Baltimore where precision aerospace-grade robotic tools construct wood-framed custom enclosed walls, roof and floor components for single family and multifamily projects. Registration is limited to 20. If you miss this tour and want to see the factory at a later date, email Annette Rosenblum at arosenblum@marylandbuilders.org.

Wednesday, January 24
11:00am-1:00pm
