Activity Director and Editor*

I love an adventure! Do you remember your first family road trip and what happened on your trip? I remember when we rented a motor home and took a trip out to the Black Hills. The owners we rented it from did not have time to go to the waste station as we needed their motor home right away. Ask my husband Jeff what happened when he went to “dump” their motor home. After throwing away his clothes and showering with disinfectant we could finally get close to him again. Even though it was not funny at the time we laugh about it now and chock it up to one of our memorable adventures. We all have had adventures through the years.(a good time to share at our social hours!)

This season we are on another adventure at our beloved Silverridge; an adventure filled with some changes and new beginnings (along with a few frustrations) Many of you have commented that you needed to read my last message and the words on your glass being half full. How lucky we are that we have a sister park to hold our events. Our space is cozy and we are not only sharing space but ticket sales and meeting beautiful people along the way. As I mentioned in my last letter we are more alike than different. We are here to enjoy the good weather and the amenities our parks offer us. All residents from either park are welcome to come to each others events. It has been a pleasure to meet the Resort staff and the residents over here. Thank you for your patience and understanding on location changes while our Silver Center is being repaired. (It’s looking good!) I have included most of the changes in this newsletter. If you have questions please call me at the Resort or check with the club leader. Many of you have said that you are having more parties at your homes. I love the intimacy of being at your homes for a get together. Laughter and good times with friends are medicine to the soul.

As we officially start our season I would like you to consider what new adventures you would like to have this year? How about a lifestyle change? We have so may exercise programs like Yoga, step aerobics, Pickle ball, golf and tennis just to name a few. We are one of the few parks that have Duncan trained certified ceramic teachers. Thank you again for all our Volunteers who lead classes and clubs. Without your expertise and leadership we would not have all the learning, fitness and fun that we have! And thank you for those who help with chair and table set ups and all the unseen volunteering you do.

My hope is that your adventure this year is full of anticipation and excitement. Welcome Back my friends. It is a pleasure to greet you with a smile and a hug. Let us begin our adventure together !

A Friendly Note from the Mail Room

By Kim

*****NEW POLICY EFFECTIVE NOW: CHECK OUT WITH MAIN OFFICE,**

Fill out departure slip and give to me or put in in park Box to insure mail gets forwarded. No forwarding will be done without slip.

Hopefully everyone did a change of address with your local post office back at home. If you did, please allow ample time for your mail to start being delivered on a regular basis. Remember we are only 1 park of the thousands in AZ. So the mail volume is huge and it will be slow at first. If you did not do a forwarding order please do so. It will help get your mail here.

When the mail is COMPLETED for the day a day of the week tag is posted on the mailroom door. So if you get your mail BEFORE that tag goes up and are expecting a package or meds, stop back as it might be in a locker. I SORT all mail 1st, then place in the boxes and then do packages last.. Please do not ask me to look for yours if you get there early. Also PLEASE CHECK YOUR MAIL BEFORE OPENING . Make sure it has your name on it. Sometimes pieces can stick together and it gets placed in the wrong box. If you should receive something that isn't yours, please drop it in the IN PARK BOX, located on the NORTH side of the mailroom so it can be delivered to the rightful owner. The box located by the mail room door is for OUTGOING MAIL ONLY! NO LOCKED KEYS or IN PARK MAIL.

If you have noticed on some of your mail I have stamped in black "CORRECT LOT NUMBER PLEASE." It's because you need to contact the sender and have your correct lot # added. When you have moved within the park or are new to the park, it makes sorting the mail faster and easier then having to stop and take the time to look it up. It helps me and my wonderful volunteers which I have from time to time. For those of you that are going to receive medicine or packages PLEASE stress to the sender that your LOT # needs to be included, very important.

When placing mail in the OUTGOING BOX, please make sure you have the proper postage on it. When placing anything in the IN PARK BOX to be distributed with in the Park, make sure they are in numerical order and rubber banded or paper clipped if more than 5 pieces. If not they will be placed in the mail boxes. Welcome Back everyone.
