

## *A Silveridge Season of Blessings*

There's nothing quite like the enjoyment of having the tree all decorated, a batch of Christmas cookies baked and my home ready for family and friends. Then I snuggle up in my recliner and meditate on God's blessings in my life. I thank God for Christmases past. I often ask my Mom how she and Dad could afford Christmas presents for 8 children. Yet, there were always presents under the tree. ( And all my brothers and sisters would make sure that one did not have more presents than the other!) Even though it was so important to have presents little did I realize as a child that the best present of all was the gift of loving parents ! We all have special memories of Christmases past but now we have our grown up Christmas List which includes so much more than packages under the tree. It is being blessed to bless others and praying for those in need that take priority.

As we contemplate on all the blessings of the past while being in the hustle and bustle of the present, I am in awe of all of you who take to heart the message of sharing your blessings with others. That is obvious with our 300 plus volunteers that work so hard to make our park the most "Giving Park" (and the Friendliest!!) Let me share with you some examples of those who understand the meaning of blessing others.

- A walker hears a distress call from a home and offers to help.
- A resident is having trouble breathing and several ladies offer to bring food and spend the night with her.
- A couple cannot drive and a resident takes them to their doctor appointments and helps them buy groceries.
- A couple steps up to the plate and patches holes in walls and orders glass for a broken window.
- A couple needs financial help and several pool their money together to help them.
- Dedication is the word to describe a group who weekly get together and makes "Ugly Quilts" for the homeless.
- The Decorators become "Santa's Angels" by sponsoring a Toy Drive for children.
- Leaders work tirelessly to plan meetings, meals, educate and organize fundraisers.

And the list goes on and on. With all there is to do during the holidays let's not let our busyness crowd out our reverence for the true gifts of the season. Know that your "Presence" to others is the best "Present" of all!

*Blessings to You, Sue*

## The SilverScreen

Movie Operator Don Beckett on the left. Sharon on right with popcorn volunteer Linda Vodraska

Thank you to Don and Sharon Beckett who are the lead volunteers for the movies at our theater. Don is scheduling the movie operators while Sharon schedules the movies and popcorn volunteers. Please see Sharon or Don if you have any suggestions for movies. At the time of this newsletter movies are shown on Friday and Saturdays at 7:00pm. Wednesday matinees will resume in January if there are enough operators. Please be a team player and offer to stay after the movie to clean up. How about bringing your honey and calling it a date night!

How many of you know that the theater has the NFL package (700's) as well as ESPN? The theater is available to watch sports, but not on a movie day or night. Because of the valuable equipment **the theater is locked at all times unless there is a scheduled showing for movies, or sports. Only trained operators may run the equipment! Requests for theater sports need to be turned in at the activity desk by noon on Friday.** There must be a minimum of six people attending. When reserving the theater, please leave the building clean! If there is a game on Mondays the Social Hall television may be available.

## Christmas Toy Drive

Water or soda plastic bottles are perfect. Tennis is still accepting aluminum cans. Watch for different fundraisers at the craft fairs throughout the year. Thank you for contributing to all the clubs!

## Ticket Event Information

The Activity Office is always looking for better ways to serve you. We appreciate your generosity in the purchasing of your tickets. Many of you have ordered your tickets early this year. It has worked well to have you each fill out the ticket order list. We know that there can be reasons why you may not be able to attend an event that you have purchased tickets for.

**If you are trying to sell your tickets,** we are asking that you first try to re-sell them on your own. On the bulletin board outside the activity office we will post re-sell information which should help get your refund back to you more quickly. There will be blue slips with the available ticket information. Make sure to include a phone number where you can be reached. Tack the slip to the bulletin board.

**If you are looking to purchase tickets,** check the blue re-sale slips for the event you are looking for. Find the table or seat number and locate it on the seating chart. The seating charts for each type of event will be on the board (boogies, dinner shows, concerts.) We have always tried our best to re-sell the tickets for you in an emergency situation such as medical reasons where you have to leave the park.

\*\*\* I am looking into the possibility of online ordering next season. You would have the option of ordering online as well as ordering directly through the Activity Office. Watch for more information this Spring. Thank you again for coming out to the shows. If you have suggestions for shows please let me know. I am gathering ideas for the 2017-18 season!
