Real Connections Child Development Institute

Supporting and partnering with families of children on the autism spectrum through understanding, engagement and relationships.

Developmental Play Therapy- 1:1 developmental therapy in your child's natural environment. Evidenced- based, emotional, cognitive and neurobiological therapy that assists your child in developing meaningful relationships.

Parent Coaching & Support- Real-time training and education in your child's individual profile. Learn new ways to engage and connect, while focusing on communicative and cognitive/ social emotional development. Maximize your child's developmental growth through both daily interactions and parent-child intervention sessions.

* Real Connections serves children of all ages with an autism diagnosis.

* Flexible hours- morning, afternoon, after school and weekend times available

Helping children
become the best
version of themselves.
