## FARM HER.

Marji Guyler-Alaniz  
President + Founder

The 2018 Ag Breakfast will feature keynote speaker, Marji Guyler-Alaniz, President and Founder of FarmHer. Marji is a lifetime Iowan and lover of photography. Through FarmHer, she is revitalizing the image of agriculture by showing the female side of farming, creating community amongst women in agriculture, and reaching out to young women interested in agriculture. In recent years, women are rising to the forefront of agriculture in many ways: as owner/operators, landowners, workers, mentors and more. Marji's work for FarmHer has been featured in an expanse of arenas ranging from an Emmy-winning documentary and award-winning weekly television show on RFD-TV, to USDA's National Ag Day Celebration and Successful Farming magazine.
