## Guidelines for CNGA's First Annual Photo Contest

Welcome to CNGA's photo contest! We value your contributions to our photo library which will help us tell the story of CNGA to our members, prospects and the industry. Even though your photo may not win a category, it still may be useful for any number of applications, including:

- eLeaf newsletters
- LooseLeaf Magazine (including the cover)
- Various CNGA event announcements
- Facebook posts
- ProGreen EXPO promotions
- Member Directory Cover (print version)
- CNGA Website

**Authority:** By submitting your photos in this contest you grant CNGA the authority to use your works for all relevant CNGA promotional purposes. Photo credits will accompany each photo that is published in digital or print format.

**Format:** Though not required for the contest, if you can submit high resolution photos (>1 MB) that is preferred. All photos must be in digital format.

**Limit:** You can enter as many categories as you wish, but no more than 3 entries/person are allowed per category.

**Tips:** Make sure your photos are in focus with good lighting. Captions are not required but may be helpful to explain what's going on. When possible, select shots that tell a story – a picture is still worth a thousand words!

**Submission and Deadline:** Please submit your photos via email to [bnorthcutt@coloradonga.org](mailto:bnorthcutt@coloradonga.org) no later than December 20, 2017. Make sure to Identify a category for each photo.

### Categories
