

# **FUNdamentals**

## **AFTER SCHOOL Enrichment**

We are excited to introduce our new after school enrichment program, "FUNdamentals", for grades K3-5th grade. We will offer a variety of 6-week courses each quarter of the school year. Each class will meet once a week for one hour immediately after school. We will offer classes for a variety of interests (art, science, games, technology, health, clubs, and MORE). Class sizes will be very limited and based on the order in which registration is received. Look for first quarter registration SOON!

**Adventure. Learning. Growth.**
