Community Based Day Support Services
Easterseals community based day support services are designed to provide programming for those that desire opportunities to explore their community and/or explore work. The programs encourage self-determination by empowering individuals to select activities that are personally meaningful to them and will assist with personal skill development.
LIFE SKILLS BUILDING AND COMMUNITY EXPLORATION PROGRAMS

**Adult Day Services**
Through a person-centered approach, our Day Services offers a safe, supervised, social daytime setting that allows participants the opportunity to choose the activities and outings in which they wish to participate. We build on the unique qualities of each participant with individualized and structured activities while encouraging independence.
- Respite for Families and Caregivers
- Personal Care and Medication Management
- Recreation Activities
- Volunteer Opportunities

**Community Connect**
Community based programing that provides an opportunity to discover an individual's community and personal interests. Increases independence and skills in what someone needs and wants to learn through exposure in the community.
- Volunteer Opportunities
- Relationship Development
- Daily and Independent Living Skills

**Northview Hub**
Day support program that provides social, vocational, life and personal skill development through activities of choice to complete and complement an individual's life. To be offered in conjunction with other community based programming or employment.
- Computer Literacy
- Food and Nutrition
- Personal Hygiene and Physical Health
- Interpersonal and Social Skills

VOCATIONAL SKILLS AND COMMUNITY EMPLOYMENT PROGRAMS

**Career Connect**
Community based programing that provides opportunities to explore and discover individual's talents and vocational interest. Increases independence and skills needed to reach vocational focused goals.
- Volunteer Opportunities
- Career Explorations
- Employer Engagement

**Community Employment**
Individual focused programing that provides opportunities to explore, obtain and maintain employment.
- Job Preparation Skills
- Employer Engagement
- Job Placement and Support

**Project SEARCH**
Transition program to train adults with disabilities marketable, transferable and competitive skills for employment. Business-led program that takes place entirely in a host business from September through early June. Total workplace immersion facilitates a seamless combination of training room instruction, career exploration and relevant job skills.
- Internship Opportunities
- Soft Skills Development
- Career Exploration
- Job Placement
