

Join us for the City Efficiency Leadership Council!

SPEER, in collaboration with the State Energy Conservation Office (SECO) and Houston Advanced Research Center (HARC), invite you to become part of the City Efficiency Leadership Council and attend our upcoming meeting on city energy efficiency - specifically for small and mid-sized cities in the Houston/Galveston and surrounding area. Lunch will be provided.

This meeting will bring city staff together to learn from one another on energy efficiency issues, share local challenges and success stories, and take back actionable ideas.

Topics will include energy + water benchmarking, performance contracting, the Loan Star Revolving Fund, LED street lighting, low/no cost energy audits, and resilience.

Open to cities, public agencies, counties, and public schools.

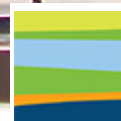

Advance registration required.

Register online at www.eepartnership.org/events

**When: Wednesday December 13th,
