Bellaire Food Street is the ultimate dining destination of Houston's Chinatown. This mixed use development features over 44,000 square feet of premium residential, retail & restaurant space that all feature a Bellaire Boulevard frontage right in the epicenter of the bustling Chinatown.

Within Asian cultures, food not only defines the distinct cultures, but has long been the social fabric in the communities. Eating becomes an event in which friends, family and strangers socialize in night markets and restaurants in which an abundance of experiences can be had in one location. Bellaire Food Street aims to bring that familiar connection of Asia to Houston, Texas.

- Premier Location in Chinatown with all Bellaire Blvd frontage exposure
- Mixed used development with condominiums, restaurant/retail/office space
- Underground garage for ample parking, w/ LED guidance system
- 33,000 SF of total leasable space (restaurant/retail/office)
- Winter 2017 Delivery

<p>New construction retail lease space available for pre-lease. Space also great for certain light-industrial users of office users. Construction has been permitted and will be starting within the next few weeks. Perfect for franchisees including coffee and food, restaurants, cellular providers, and service industry users such as insurance offices. This area is vastly under built - lost retail sales in this area are estimated at \$267 million per year. The neighborhoods in this area are forced to drive to further options to satisfy these needs.</p> <p>Located on the northwest hard corner where Morton Rd and Greenhouse Rd intersect, Greenhouse Park is easily accessible to consumers. The center has access via both Greenhouse and Morton and has an easy flow-through design. Both roads are major arterial roads with high traffic counts.</p> <p>While Fry Road (1 mile away) has a dense retail build-up, this intersection has no current retail to compete. The nearest competition is 1 full mile away.</p> <p>This shopping center is easily accessible to both outbound and inbound traffic and would be an ideal location for tenants ranging from coffee and food, to dry cleaning and cellular providers.</p>

<p>New construction retail lease space available for pre-lease. Space also great for certain light-industrial users or office users. Construction has been permitted and will be starting within the next few weeks. Perfect for franchisees including coffee and food, restaurants, cellular providers, and service industry users such as insurance offices. This area is vastly under built - lost retail sales in this area are estimated at \$267 million per year. The neighborhoods in this area are forced to drive to further options to satisfy these needs.</p> <p>Located on the northwest hard corner where Morton Rd and Greenhouse Rd intersect, Greenhouse Park is easily accessible to consumers. The center has access via both Greenhouse and Morton and has an easy flow-through design. Both roads are major arterial roads with high traffic counts.</p> <p>While Fry Road (1 mile away) has a dense retail build-up, this intersection has no current retail to compete. The nearest competition is 1 full mile away.</p> <p>This shopping center is easily accessible to both outbound and inbound traffic and would be an ideal location for tenants ranging from coffee and food, to dry cleaning and cellular providers.</p>

A new Hotel ZaZa and a new Whole Foods will anchor a new mixed-use center on a currently vacant parcel owned by the developer at the southwest corner of I-10 and Bunker Hill Road, a source close to the project tells CultureMap.

Renderings posted on the Houston Architecture Information Forum reveal a 12-story apartment tower surrounded by a seven-level building housing a Whole Foods and additional retail areas. On top of the grocery store portion appears to be space for a hotel, including a large pool deck with views facing west. This will be the site of the new Hotel ZaZa, the second one in Houston and third in Texas.

Plans to create a so-called "Lifestyle Tract" along the block date to 2011.
Dallas-based architects Humphreys & Partners prepared the drawings, according to the forum post.

More than two years ago, Swamplot unearthed MetroNational's plans to create a so-called "Lifestyle Tract" across much of the I-10 block from Bunker Hill to Memorial City Way. At the time, a preliminary site map carved out a large "future development" corner lot now reserved for the upcoming mixed-use project.

The development firm has demolished buildings on the far Bunker Hill portion of the block — including an aging strip center, a Spec's and a Shipley Donuts — as it built a LEED-certified office mid-rise for Nexen Petroleum at the southeast corner in 2012. The developer also owns the Fountains at Memorial City apartments west of Nexen as well as office towers on the block's two western corners.

MetroNational's other area holdings include the Memorial City Mall as well as towers on Gessner Road for Memorial Hermann Hospital and the Westin hotel.
