## BENEFITING FEMALE VETERANS

### ★ STACIE'S STORY ★

Stacie is a veteran who served in the United States Marine Corps and received an honorable discharge. In 2010, she found a job as a Structural Estimator for a family-owned construction firm. Her employment with the company ended in March of 2011 without any pay.

In 2014, she received notice from the IRS stating she owed over \$10,000 in income taxes, interest and penalties for 2011, claiming she failed to report income she had never received from the construction company. Stacie contacted her former employer to amend its 1099 to reflect "0" income or provide proof that she was paid. They stalled for several months and then evaded all subsequent phone calls. Meanwhile, the IRS began garnishing her wages for more than \$300/month. Stacie found this to be an extreme financial hardship and turned to the Veterans Legal Institute. VLI worked with the IRS Audit Reconsideration Board to resolve the issue in Stacie's favor.

Stacie received confirmation from the IRS that her 2011 tax discrepancy was resolved, and she did not owe any taxes, penalties or interest. The IRS refunded \$4,430.00 garnished from Stacie's wages with the help of VLI.

Veterans Legal Institute (VLI), is a local 501(c)(3) organization dedicated to providing pro bono legal services to homeless, at risk, disabled and low income veterans by removing barriers to housing, healthcare, education and employment.

Recognizing women in the military are an underserved population, OC Women2Women is privileged to be supporting VLI's efforts.
