

# NEXT WAVE

## NORTHWEST LOUISIANA

### DEVELOPING LOUISIANA'S EMERGING PROFESSIONAL TALENT

While companies traditionally succeed at arming emerging leaders with organization and industry knowledge, often those recently promoted into leadership roles realize that excelling at the business of a company and excelling at leading a company require very different skill sets. Next Wave aims to equip new and emerging leaders with the skill sets to navigate the tricky waters of organizational leadership and becoming an inward and outward facing representative of your company. Next Wave is being presented in Northwest Louisiana in partnership with the Bossier Chamber of Commerce, the Greater Shreveport Chamber of Commerce, and NLEP's Top Skills Program.
