

Get Growing With Microgreens

Tuesday October 18th, 2016

Microgreens, although tiny, pack a nutritious punch. Whether you plan to grow these for your own personal consumption or for marketing, growing this superfood is simple and easy with practice. Christina Newhouse joins us again to talk about how to grow microgreens both small and large scale. Participants will be able to start their own microgreens to take home with them.

Deadline to Register: October 4th, 2016

Please mail registration forms and payment to:
PO Box 389, Newton, NC 28658
Make checks payable to **Catawba County**
