

# FAST TRACK

***Co-leader training all at one time, all in one place!***

**Accelerate co-leader training!** Co-leaders have the opportunity to network and complete essential trainings all in one day while having fun and building bonds with fellow co-leaders. New co-leaders can choose to attend one or both sessions: **New Co-Leader Orientation** and/or **VTK Live!**

**New Co-Leader Orientation:** This 90-minute session provides a comprehensive overview of the troop co-leader's role and responsibilities, ideas and best practices on troop management, suggestions for parent and girl engagement, and information on council-sponsored activities and events for troops and girls as well as an introduction to the many other resources available to co-leaders.\*

**VTK Live!:** The Volunteer Toolkit (VTK) is a virtual Girl Scout planner. Whether co-leaders need to plan their troop calendar for the year or maintain troop records, VTK allows them to do it all in one place! This workshop will walk co-leaders through personalizing their VTK to meet the needs of you and your girls.

**Know Before You Go:** Whether you're attending one or both programs, please wear comfortable clothing. Please feel free to bring snacks or a water bottle.

\*One co-leader from each troop is required to complete New Co-Leader Orientation; we recommend all co-leaders participate to enhance the effectiveness of the troop. Our Core Leadership Series is a 2-part program. Volunteer Essentials is part one. All new co-leaders must complete **Volunteer Essentials**; we recommend co-leaders complete Volunteer Essentials prior to attending New Co-Leader Orientation; an online module is available on the council website (Volunteers/Volunteer Learning and Support/Troop Co-

Co-leaders  
get trained  
at one time,  
in one place!
