About Central Kitchen

Sacramento City Unified School District invites you to attend a special meeting to discuss the launch of our Central Kitchen project, which voters approved funding for in 2012. The Central Kitchen will help the district to make and serve healthy food to our students through local sourcing of fresh fruits and vegetables. Parents, community members, interested stakeholders and the general public are encouraged to attend. Please send your comments and questions to: central-kitchen@scusd.edu

For more information visit: www.scusd.edu
