Teen Drivers

What Do You Consider Lethal? Parent-Teen Workshop

~ presented by ~

**Impact Teen Drivers
CK McClatchy High School PTSA**

**Monday, March 20th
6:30 p.m. – 8:00 p.m.**

CK McClatchy High School- Library
3066 Freeport Blvd.
Sacramento, CA

Learn about:

- 🚗 The importance of parents as the number one influencer of teen driving behavior
- 🚗 Evidence-based strategies for keeping our youth safe on the roads
 - 🚗 Graduated Drivers Licensing (GDL) laws
 - 🚗 Current research and trends in teen driving
- 🚗 How YOU can help stop the #1 killer of teens in America — reckless and distracted driving

Did You Know?

- You need 50 hours of supervised driving experience with an adult to obtain a California driver's license.
- It takes only six hours of behind the wheel drive time with a California licensed driving instructor to get a probationary license. Yet, a manicurist must complete 400 hours of training to be licensed in the State of CA!
- Teen drivers are at the highest risk. The crash rate (per mile driven) for 16 year olds is four times that of adult drivers.
- Having passengers is a serious distraction for teen drivers. Carrying 3 or more passengers increases the risk of a crash for 16 and 17 year olds three-fold compared to driving alone.
- Studies show that a young driver's risk of being involved in a car crash is highest in the first 12-24 months of licensure.
