BOTANIC GARDEN **AUSTRALIA AND NEW ZEALAND** *Open Day*

Wilson Botanic Park Berwick

BGANZ Open Day

Sunday 28 May 2017

Ever wondered what we do at Wilson Botanic Park Berwick?

Join us at our BGANZ Open Day.

Get up close and personal to the tools of the trade used by our Horticultural Team – tractor, Ute, truck and even an all-terrain vehicle. Run in the bark, dig in the dirt and grow your own herbs in biodegradable container. Take a guided bus or walking tour of the park, hear about our botanic, historic and geographic highlights.

Take a journey through time as the Park evolved from rain forest to quarry to what you experience now our natural botanic wonderland. This journey is an insight to our Seven Secrets of WBPB Education Program.

Hear from a selection of our volunteer groups about how you can become involved in different activities around the park.

Weddings, functions and events are celebrated at the Park all year round. We will open the window to a snapshot of what is available through this experience.

“Come & try” sessions and demonstrations of our passive and recreational activities.

As an added feature, see our two lakes from the carriages of the Little Red Train - rides will be available from 10am to 4pm - \$5 per person.
