Dallas/Ft. Worth's **Most Effective** Fair Housing Seminar!

Not just another fair-housing seminar! This presentation "celebrates" the federal fair housing laws and demonstrates how to use them to benefit your marketing and leasing efforts. Fair housing issues that impact lease renewals, Resident services, and maintenance personnel are also addressed. This is a very informative, comprehensive, and enjoyable seminar that **will equip the entire on-site team** to be fully compliant with fair housing AND the ***spirit*** of the federal Fair Housing Act. Who says fair housing seminars can't be fun?
