

Second Season Proposal Form

2018-2019

DUE: February 12, 2018

to rhunter1@umd.edu

Second Season Application Workshop: Wednesday, December 6th, 3-5pm in Cafritz
(highly recommended)

Hello!

We are so excited that you are considering submitting a proposal for Second Season. Second Season is an excellent opportunity to showcase your own original work, direct a play that you feel our community HAS to see, or re-create that dance piece that really speaks to you.

Past Second Season Projects Include:

1. Published 1 acts and short plays.
2. Original plays written and directed by undergraduate and graduate students.
3. Original dance pieces choreographed by undergraduate and graduate students.
4. Multi-media extravaganzas.
5. Promenade theatre, our students took audience members on a whirlwind tour of *Macbeth* that started in the Cafritz and travelled to the grand pavilion, Rever, and the light lab!
6. Dancing in the grand pavilion, as well as on the steps in front of the Clarice.

Faculty Sign Off

This year we are again requiring students to have their proposal reviewed by a TDPS faculty member. This ensures that you are submitting the strongest proposal possible. Make sure to touch base with a faculty member and leave enough time to make edits prior to the submission deadline. If you need help reaching out to faculty, you can get in touch with Jennifer Barclay, jbarclay@umd.edu.

Tech Schedule

It is important for students to keep in mind the tech time that is allotted for their show. As artists in the professional world, you will be tasked with knowing what can be accomplished in the amount of time you have. The show must open, even if you wish you had another week of tech...

This is great practice! The typical schedule for a Second Season show is as follows:

Monday	Load In	5 hours
Tuesday	Tech	4.5 hours
Wednesday	Tech	4.5 hours
Thursday	Invited Dress	4.5 hours
Friday	Open!	1 performance
Saturday	Close	2 performances followed by strike

Most Second Season shows are shared evenings, meaning there are **TWO** separate projects being produced. That means your show may only get **ONE** 4.5-hour tech session, since the other night will go to the other show. So make sure your show can be feasibly produced within this timeline.

Do It Yourself

Second Season is very DIY. You find your own designers, crew, make your own program, run your own schedule. This is a great experience to learn how to produce your own work. Do you dream of being in

Capital Fringe? They're going to say "Congratulations, you've been accepted! You'll perform on these dates, at these times, in this place. Looking forward to seeing your performance in a couple months!" And that's it. You find your own designers, cast, crew, do your own marketing, and figure it out! This will help you learn to do that. But you have to be ready and willing to do the work.

All applications must be reviewed and signed by a TDPS faculty member prior to submission.

Artistic/Logistical Information Please type up answers to the following:

- Please provide a description of your project (500 words or fewer)
- Why now? What does this project mean to you?

- Please outline the time frame of your project, as much as you know now. This includes auditions, rehearsals (weeks and hours), etc. For theatre shows, we can allow approximately 40-60 hours of rehearsal time. To be scheduled at the individual show's discretion.
- Please describe the event as you envision it: eg. staged reading, workshop, full production, etc.
- Please attach current draft or outline of script, if applicable
- If desired, please attach any additional information (videos, images, etc)
- Would you be open to sharing an evening with another work? Not being willing may affect eligibility, but your proposal will still be considered.

Personnel Information

Please list needs and any people on the project currently. Not having this information at this time will not affect your proposal's consideration. But if your piece involves design elements, you should be thinking about designers you can collaborate with. As the producer, you will be finding your own design team and crew.
