Organised by

World Future Energy Summit

The 10th edition of **World Future Energy Summit** (WFES), was proud to bring together **30,050** attendees from **150** countries including **5** Heads of State, **75** ministers, **639** exhibiting companies from **40** countries to share best practices, unveil new technologies and discuss sustainable solutions to tackle present and future energy challenges.

The keynotes at the opening ceremony included **H.E. Nursultan Nazarbayev - President of Kazakhstan**, and was followed by a presidential panel consisting of **H.E. Luis Guillermo Solis Rivera- President of Costa Rica**, **H.E. Filip Vujanovic- President of Montenegro**, **H.E. Horacio Cartes- President of Paraguay**.

As we look ahead, the **11th World Future Energy Summit** will evolve with the specialized events and high level meeting that provide the unrivaled global platform for learning, networking, sourcing and forging partnerships with the sustainability sector.

We will continue to be the industry leader in providing innovation in renewable & alternative energy, energy efficiency and clean technologies. joining forces with other landmark events in sustainability, including the **6th International Water Summit**, the **5th EcoWaste**, the **3rd Solar Expo**, **2nd Energy Efficiency Expo** and the **1st Energy Storage & Batteries Expo**.

WFES co-located events

SOLAR EXPO

A WORLD FUTURE ENERGY SUMMIT EVENT

Now in its second year, Solar Expo brought together specialists to showcase the latest innovations and solar energy solutions for the MENA region.

ENERGY EFFICIENCY EXPO

A WORLD FUTURE ENERGY SUMMIT EVENT

Energy Efficiency Expo, hosted by Masdar addressed the challenges and opportunities of reduced energy consumption and improved efficiency in buildings.

SUSTAINABLE TRANSPORT

A WORLD FUTURE ENERGY SUMMIT EVENT

Also in its second year, advancing the future of transport by offering access to new technology, current products and future concepts.

INTERNATIONAL WATER SUMMIT

PART OF ABU DHABI SUSTAINABILITY WEEK

The fifth annual International Water Summit (IWS) lived up to its well-deserved reputation as the leading global event for showcasing and developing solutions for water sustainability in arid regions.

ECOWASTE EXHIBITION

PART OF ABU DHABI SUSTAINABILITY WEEK

The fourth annual EcoWASTE Exhibition lived up to its reputation and standing as the leading exhibition in the Middle East and North Africa (MENA) region for advancing sustainable waste management and recycling.

ADSW Opening Ceremony

Before a record-breaking audience of **4,187 high-profile delegates** from around the world, the ADSW Opening Ceremony reflects its status as a landmark event in global sustainability.

**H.E. Nursultan Nazarbayev
President of the Republic of Kazakhstan**

**H.E. Luis Guillermo Solís Rivera
President of the Republic of Costa Rica**

**H.E. Filip Vujanović
President of Montenegro**

**Rt. Honourable Pushpa Kamal Dahal 'Prachanda'
Prime Minister of the Federal Democratic Republic of Nepal**

**H.E. Horacio Cartes
President of the Republic of Paraguay**

Show Highlights

Over the past decade, the World Future Energy Summit (WFES) has built a solid reputation as one of the most influential annual event in the world dedicated to advancing future energy, energy efficiency and clean technology.

- **639** exhibitors from **30** countries
- **30,00** attendees from **175** countries
- **14** country pavilions
- **3,500** opening ceremony attendees
- **1,500** conference delegates

Energy Efficiency Expo

Energy Efficiency Expo is committed to organisations and people adopting energy efficient technology in buildings. It is the ideal platform to market energy efficient solutions and develop new business opportunities.

“Reports from the United Nations have shown that the most cost effective approach to tackling climate change is through energy efficiency in buildings. It is through cost-effective measures which provide favourable returns on investment.”

Saeed Al Abbar - Chairman, Emirates Green Building Council, Knowledge Partner of the WFES Energy Efficiency Expo

Key Exhibitor Sectors

- High Efficiency Lighting and Lighting Controls
- Intelligent Building Management and Energy Monitoring Systems
- Efficient HVAC Equipment & Systems
- Building Sector: Commercial, Industrial and Residential
- Energy and Building Consultants and Contractors
- Project Management and Engineering Companies
- Financial Institutions
- Governments
- Industry Associations
- Manufacturing, Processing, Power Generation
- Technology and Service Providers
- Building Water Conservation Fixtures
