Spotlight on the 4-5 Year Old Class!!

Thank you so much for letting us spend Sunday mornings with your kiddos! We are blessed beyond measure by their energy and excitement. We work hard to channel all that liveliness into exciting activities to teach them about our Savior! Over the next few weeks, we will be focusing on how much Jesus loves us. Through shaving cream, paint, and maybe a little glitter, your kids will get to know John the Baptist, Peter, and the lost son. Our goal is to put markers in your children's lives through activities and crafts that they can use to recall the amazing stories in our Bible as they grow in their faith journey. Not only do we teach the Bible story, but we also get to watch it each week on a fun and action packed DVD. In addition, we listen to songs that have been written to go along with our curriculum and play some games to reinforce our Bible story.

There is never a boring moment in our room, and we enjoy building relationships and loving on our students.

The classroom teachers are Ashley Clark, Madisen Wilson, Rita Hinck, and Caitlynn McLeod.

Be sure to pull out your calendar and reserve June 4-8 for Vacation Bible School! This summer's VBS invites your kids to grab their megaphones, lace up their cleats, and tune up their instruments. As they fill up the offensive line, sideline, and drumline, your players, cheerleaders, and band members will realize God has given them His ultimate playbook. He wants them to join His team, train hard, celebrate salvation, and encourage one another. More information will be coming soon!

SAFETY TRAINING

Your children's safety is very important to us! This month, Sunday morning teachers, AWANA leaders, Citadel volunteers and Welcome Center volunteers attended a safety training led by a member of our Safety Team. Every possible emergency was covered, and teachers were instructed on correct procedures. In addition, maps and instructions have been posted in all rooms where children meet, showing the closest exits and routes for fire evacuation and correct locations for tornado shelter. We appreciate you allowing us to be part of your child's life and take it very seriously. We are being proactive to ensure their safety when they are in our care!
