Hi All!

Many of you renew at the meet but remember, I have a family and looking forward to enjoying Spring Meet just like everyone else. Hi all and greetings from the mid cape.

Thank you all who attending the Sandy Neck Conservation Project this past weekend. The weather didn't cooperate again this year but we made the best of it as we always do. 64 volunteers is not too shabby and I'm thrilled that you all came out to help clean up Sandy Neck and put up the snow fence. I also want to thank Bobby Lomba for cooking for us all! I couldn't have done it without him.

The gate house is now open from 8am – 4pm and will increase again further into the season. (Fees will be the same as last year) \$85 for residents and \$170 for non-residents. Check the web site before you head out to the beach, here!

Chapin Beach:

The beach is closed for the Winter.

Crowes Pasture:

Crowes Pasture is open and in winter mode. As always check with the Town of Dennis website for tidal restrictions otherwise the beach is open to normal ORV travel after 9:00 PM if you are on the beach you are supposed to be actively fishing, that is unlikely this time of year. Our project for both was postponed due to inclement weather on April 1st it has been changed to Sunday April 23rd with hopefully much better weather. Coming to the projects is a good way to see other beaches and meet other members and make new friends.
