## **2018 Ministry in Review**

As 2018 draws to a close, we thank God for His sustaining grace and strength and for each of you who have prayed, given, and served beside us. During this past year you have made a difference around the world. Your prayers and gifts have allowed 5,000 people to hear the personalized teaching of God's Word, hundreds of leaders to be trained, 275 men and 232 women to receive personal ministry coaching. This year we have engaged with churches, key missions leaders, pastors, and next generation leaders in 13 states and several nations. God has sustained us and kept us safe and healthy while traveling to Mexico, Indonesia, Poland, Czech Republic and opened the door for us to touch the lives of leaders from China, Singapore, Pakistan, Thailand, Burundi, Nigeria, India, and South Africa.

Sometimes we have been very close to running out of gas, but each time the needle has gotten down to E on the fuel gauge, a word of encouragement, a helping hand, or a sacrificial gift has let us know that our Father has heard your prayers and whispered to us, "Keep going!"

---

“The fundamental mission of the body of Christ is to develop men and women into mature, reproducing disciples of Jesus. This is the primary focus of DNA Global Network as they focus on the unreached and unengaged peoples of the world and seek to equip and encourage global church leaders to fulfill Jesus' command in Matthew 28 to make disciples everywhere.” —Rodney Woods, DNA Board

## Our Goal is Within Sight

We dream that someday researchers will scour the earth and not find a single language or people group that does not have at least one follower of Jesus who can make disciples, at least a portion of the Bible in that language, and at least one fellowship of local believers meeting to worship, live by God's Word, and make disciples among their community. As one friend recently stated, we are not there yet, but we can see the end from where we stand. We pour out our hearts and lives to see this come true in our lifetime!

We always enjoy closing out our year gathering with partners at the “Finishing the Task Conference.” This year nearly a thousand of us gathered from around the planet to discuss together the state of missions progress to engage the unreached peoples of the world with the gospel. The original list of 2,940 from 2005 was down to 969 by 2017. By early December

2018 the list was down to 343. As I departed the conference, the number of unreached people groups remaining to be adopted was below 200! Now we must pray and serve so that those adoption commitments will be fulfilled!

**We are within sight of seeing the final unreached people groups adopted by the body of Christ!**

At this point in the year, we are slightly behind budget by close to \$4,000 for office and travel costs. We will need a strong month of giving in December to finish the year in the black. Would you consider a special year end gift to this ministry, "As God has prospered you in 2018?" Would you also join us in prayer for some new sustaining partners for 2019? Our suitcases are packed, clothes, medicines, teaching notes, and we depart tonight to begin our 40-hour journey to India. We will be praying, pondering 2018, and praising God for you!

**Grateful for your partnership in the Gospel!**  
**--Michael & Jo Beth Loftis**

### **Prayer Requests**

- December 9-19 for our ministry to leaders and their wives in Northern India
- December 26-January 4 Winter Student Conference in Czech Republic
- God's protection and provision for persecuted partners in Pakistan

- Financial Support and Travel Expense needs for DNA Global Network ministry
